Information for Members.

Under Medibank's Fund Rules, Medibank will not pay for included hospital treatment provided within 12 months of joining (or changing your level of cover) if the treatment is required to treat a Pre-existing Condition. A Pre-existing Condition is an ailment, illness or condition that, in the opinion of a Medical Practitioner appointed by Medibank, the signs or symptoms of which existed at any time in the 6 month period ending on the day on which you became insured under the policy or changed your cover. Refer to your Member Guide for more information.

To assist us in determining whether your condition is a 'Pre-existing Condition' this certificate must be completed by your health practitioner and by the treating specialist who will be admitting you to hospital.

Urgent admissions

If you require an urgent admission and we have received the completed certificate, we will make our determination as soon as practicable and will notify you of the outcome.

If you are admitted to hospital before we have confirmed your eligibility for benefits, you should ask the hospital and your admitting specialist to explain any out-of-pocket expenses you might incur if no benefits are payable, as these expenses may be significant.

Need someone to act on your behalf?

Please note, if someone will be acting on your behalf, this needs to be arranged with a Medibank representative before we can accept the completed certificate signed by an authorised person.

There are two types of authority you can give:

1. Authority to manage the policy. A person with this type of authority is known as an Authorised Person. Only the Policy holder can appoint an Authorised Person.
2. Authority to see a member's personal information, including details about their claims. This type of authority is known as Claims Consent. It can be given by any member on a policy.

Call us on **132 331** for further information.

What happens next?

Once we have received the completed certificate, a medical practitioner appointed by Medibank will determine whether your condition is a 'Pre-existing Condition' for the purposes of Medibank's Fund Rules. This may take up to 10 business days subject to receiving all information required to make the assessment. We will notify you as soon as we have made our determination.

Section 6: How to submit.

Once Sections 1 – 5 have been completed, return the certificate to Medibank using one of the options below:

Email: pec@medibank.com.au

Email subject line: PEC (Your membership number)

Post: PEC Determination, GPO Box 9999 (in your Capital City) (No stamp required).
